### 6.0 TRANSFER TIMELINES

#### 6.1 Transferring the Registration Fee to another CUSC program

New program cost is *greater than (or equal to)* the old program - If a transfer request is received, the registration fees to be transferred to the new program will be equal to the original registration fee. Any difference in fees between the new and old programs must be paid in full before the player can play.
- b. New program cost is *less than* the old program - If a transfer request is received, the registration fees to be transferred to the new program will be the difference in the prorated amounts (calculated under 4 d)) of the new program and the old program. Any balance owing must be paid in full before the player can play in the new program.

### 7.0 PROCEDURES

- 7.1 If the CUSC Administrator is satisfied the refund or transfer request meets the criteria in this policy, he or she shall send a request to the CUSC Treasurer to issue a cheque for the determined amount and adjust the member's account.
- 7.2 The CUSC Administrator shall inform the Program Coordinator (who will inform the Convenor) of any change to the team roster resulting from the withdrawal or transfer.
- 7.3 If available, the Convenor shall assign the first eligible player from the waiting list.
- 7.4 The mandatory Volunteer fee will be included with the amount refunded if it was paid and is refundable. For example, if a member has 2 children registered and one withdraws, the volunteer fee is not refundable because one child is continuing to play.
- 7.5 A registered player, or parent or guardian of a registered player, who does not meet the criteria in this policy but believes they have extenuating circumstances deserving consideration can write to the CUSC Vice President and provide their rationale.

- 8.3 Family Status: Change to the family nucleus which has a negative impact on the family's financial obligations. This can include the separation or divorce of a player, or parents or guardians of the player.
